TATA Motors Ltd.,

Date: 17/06/2017

Hubli.

Dear Sir,

I have purchased one LPK 2518 TC BS IV on 21.03.17 from Bellad Engineering, Hubli. On 21.05.17, we have conducted fuel KMPL trial on this vehicle along with your team from dealer & Tata Motors Drona driver. The details of the trial are as follows:

|                            |                   |
|----------------------------|-------------------|
| Vehicle Model              | LPK 2518 BS IV    |
| Regn no.                   | KA26 A7679        |
| Chassis No.                | MAT448801H1A01908 |
| Unladen Vehicle weight Kgs | 10,220            |
| Laden Vehicle weight Kgs   | 32,550            |
| Pay load Kgs               | 22,330            |
| Trial start Kms            | 10284.9           |
| Trial end Kms              | 10413.1           |
| Kms covered                | 128.2             |
| Diesel consumed Lts        | 40.92             |
| KMPL                       | 3.13              |

Your Drona driver educated our regular drivers for improvement of KMPL & driving habit. We are satisfied with the mileage & performance of the vehicle. In addition, we are happy with the service support rendered by Tata Motors.

Thanks & Regards,

B S Rayapur,
